Principal's Message

We have a busy few days coming up with this week's Book Week activities. Beginning Monday and continuing till Thursday, we have our Book Fair in the Library. The fair will be open each day from 8.30-9.00am and 2.30-3.00pm and will also be open from 1.30pm on Wednesday. Wednesday sees our Book Week Assembly which includes a book character parade and some musical items. We will also be welcoming our new Kinders for 2017 to parade and visit the book fair.

Open Classrooms

This Friday 26th August we are also inviting parents, family and friends to come along to school at 12.15pm to see your children in their classrooms. The teachers and students are very proud of how they run their warm-ups following the model of Fleming's Explicit Direct Instruction. You will then be invited to watch an encore of the musical items from Wednesday. The session will conclude at approximately 1.15pm.

Zone Athletics

Congratulations to all our students who participated in the Zone Athletics Carnival which was run over Friday 19th and Monday 22nd August. I have heard your behaviour and sportsmanship was wonderful and exactly what is expected from Fassifern PS students.

PBL

This week our PBL focus is "Safe Hands Safe Feet". This is a focus that I know we all know and understand as I hear our students reminding each other at different times. It is clear that from our PBL data that our students are following our Everyone- Everywhere- All the Time, Expected Green Behaviour Guide. PBL is not only the giving of awards but is also the strong consistent messages that are given to students through explicit classroom instruction and clear signage. Keep up the fantastic job Fassifern P.S you are all PBL Stars!

Peer Support

Not only did we change our Peer Support format but we have also changed our groups and classroom spaces. This change was at request of teachers and Peer Leaders and also due to a number of new students to our school. This brought a change to last week's focus as the leaders ran through introductions and activities around developing goals and naming their group.

Oztag

Our 2/3 and 4/5/6 students will be attending an Oztag Gala Day on Thursday 1st September. Further information and permission note will follow.

"Star of the Week"

Ruby always applies her best effort in all learning tasks. This week I would like to congratulate her on her progression into the next group during our TEN Maths lessons. Ruby can now flexibly solve a range of maths problems using her knowledge of number properties and her automatic recall of number facts. Keep up the fantastic work Ruby!

Sue Gibson

Stem

Last Wednesday 4/5/6 attended another Science, Technology, Engineering and Maths day at Lake Macquarie High School. This time they had the opportunity to concentrate more on Technology. Students were to create a news report about people escaping from the local Jail. They were given roles within their group which included; camera technicians, journalists, news anchors, producers and directors. They were taught the skills needed to put together the news report and the results were fantastic! All the teachers were very impressed with their reporting skills and sense of humour.

P&C

Hello welcome to the new week!!!

The tickets for the Father's Day stall have gone out last week so I'm excited to see how many tickets we can sell for our amazing Father's Day raffle.

The BBQ will be held on the 2nd of September starting at 7.30am with delicious sausage sandwiches for \$3 or add an icy cold coke for \$5. An order form will be going home this week. We encourage all students and their Dads and other male carers/important people to come along and support our schools P&C. The money we raise will be used for the improvement of our angels schooling.

Please return the order forms and money to the office as soon as possible.

Your continual support and enthusiasm for our events is very gratefully appreciated for our P&C is nothing without all of you.

Jacqueline Lockett.

Nutrition Snippet

The simplest way

...to serve a fun-filled dinner.

Presentation is key to encouraging kids to eat more fruit and vegetables, and to entice fussy eaters to try new things.

The dinner table is a great place to try out fun-filled foods the whole family can enjoy.

Serve dishes that allow kids to take a hands-on approach.

Why not try **Sang choy bow** (pictured)?

Kids will love wrapping the mince and veg mixture in a lettuce cup and picking it up with their hands to eat.
